Your before-you-go check

Tick what applies. Add your own essentials. This is a starting point, not a complete list for every family.

- [ ] **Documents and journey details**
  Check passports, entry requirements and any travel-consent documents for your actual journey.

- [ ] **Airline and airport arrangements**
  Check your bag allowance, security rules, pushchair arrangements and boarding information with your providers.

- [ ] **Medicines and support**
  Plan essential medicines, supplies and any assistance. Check destination rules and ask the relevant provider about support.

- [ ] **Things to reach quickly**
  Keep documents, medicines, feeds or permitted snacks, wipes and changes of clothes easy to find.

- [ ] **Comfort and waiting**
  Choose a familiar comfort item and a few simple activities. Leave room for breaks and delays.

- [ ] **Arrival and the first night**
  Confirm the transfer, child-seat arrangements if needed, accommodation access and the first few things you will need.

My little packing job

☐ **T-shirt**

☐ **Shorts**

☐ **Socks**

☐ **Hat**

☐ **Teddy**

☐ **Toothbrush**

Well done, explorer! A grown-up checks the family's essentials.

These six pictures are a small activity, not a full holiday packing list. No need to pack an item that does not suit your family.

Talk through the journey

Use a few simple words and take one step at a time. Your airport may do things differently.

1. Get to the airport

We arrive, find where to go and keep our grown-up close.

2. Check in and leave bags

We may collect boarding passes and hand over the big bags.

3. Go through security

Staff check people and bags. Our grown-up helps us follow their instructions.

4. Wait at the gate

We find our gate, take a break and choose something quiet to do.

5. Board and fly

We find our seats and listen to the crew. We can tell our grown-up if we need help.

6. Arrive and settle in

We leave the plane, follow the arrival steps and start the next part together.
